Nigeria

Rev John Joseph Hayab (Christian Association of Nigeria Kaduna State Chapter chairman, **UPDATE:** later wrote: "When I met with Antony John Blinken, the US Secretary of State, [on this date] during his recent visit to Nigeria, as one of the five civil society representatives, I expressed how disappointed the Christians in Nigeria were following the US' deletion of Nigeria from the CPC [Countries of Particular Concern] list. What I said to Blinken was that, because Nigeria still has grave problems with religious persecution, his action was like that of a doctor discharging a patient from the hospital, even though the patient is critically ill. What that signifies is telling the patient to go home and die...Manifestly, the US was either ill-advised or purposely does not care about what happens to us in Nigeria")
